- ❖ **MULTIPLE CARDS MAY BE OPEN DURING THE SHOW.** In order that the show run smoothly and to make the show more efficient for exhibitors, classes that "go together" for an individual exhibitor may be ridden one after the other rather than waiting until the class's scheduled time table. However, **classes must be ridden in the correct order** as they appear in the schedule and only three classes may be running concurrently except for the Red/Blue warm up classes that, while judged, are not ranked and scored for placing. Please see the schedule for classes affected and ask the gatekeeper at the show to help you if you are unfamiliar with this concept.
- ❖ **Red/Blue** warm up classes: the judge may award, at his/her discretion, a red or blue ribbon for any round. Any ribbons awarded will be announced immediately after the round is completed. In the interest of time, **multiple rounds may be allowed only if time permits.** Please make sure that these rounds are entered, and paid for, at the secretary's desk.

*Soft apparel and accessories custom monogrammed and applique'd to order.*

**TOUCH CLASS:** Table 1, touches to count. Scored on jumping faults alone. In the likely event of equality of faults for first place, successive jump offs will be held.

**TABLE II—Classes scored on Faults and Time.** Clear Round (Table II) - The first round is decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. Horses with clean rounds or equal faults remain equal.

**FAULT and OUT:** (Table II, Sec. 4) Fault and Out. These competitions are timed and take place over medium sized single obstacles (combinations are not permitted). The competitor's round finishes with the first fault incurred under Table II. Points are awarded instead of faults, two points for each obstacle jumped cleanly and one point for the obstacle knocked down. The winner is the competitor who scores the greatest number of points. Time will decide in the event of equality of points.

a. An obstacle is not considered to have been jumped until the horse's forefeet have touched the ground on landing ..... b. When an obstacle is knocked down or the Time Allowed, if there is one, has been reached, a signal is sounded. The competitor must then jump the next obstacle ..... c. When a fault constitutes a disobedience or fall ..... (2) With a Fixed Time Allowed which must not be set at less than 50 seconds, nor more than 60 seconds. If the competitor has jumped all the obstacles before the expiration of the Time Allowed, he starts around the course again but is not required to go back through the start markers.

**ELIGIBILITY:** all classes offered shall be open to all riders on horses or ponies. See further ETHJA rules for eligibility. Entry fee \$14.

Participants may complete the test at their convenience but by no later than 1:30 p.m. on Sunday afternoon. Please allow at least 30 minutes to complete the written test which will be composed of multiple choice, fill in the blank and matching list questions and will be taken under the eye of a proctor.
