## JUMPER CLASSES

USEF rules for each class offered will be available at the secretary's table or may be viewed and printed at [www.USEF.org](http://www.USEF.org)

**Table II, Sec. 2 (a)**—The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. In the event of equality of faults after the first round, there will be one jump-off for first place only in which time will decide in the event of equality of faults.

**TOUCH CLASS:** Table 1, touches to count. Scored on jumping faults alone. In the likely event of equality of faults for first place, successive jump offs will be held.

**TABLE II—Classes scored on Faults and Time.** Clear Round (Table II) - The first round is decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. Horses with clean rounds or equal faults remain equal.

**TAKE YOUR OWN LINE:** a course of about ten obstacles scored under Table 2. After crossing the start line, the competitor must jump each obstacle in either direction, in any order and cross the finish line. The rider completing the course, and jumping the required number of jumps in the shortest time, is the winner.

a. If a competitor incurs a refusal, he may proceed to another obstacle. However, if the fence is knocked down or displaced, the judge gives an audible signal, the clock is stopped and four seconds added. The competitor then must return to position from which, in the opinion of the judge, he may re-jump the obstacle dislodged. Upon signal to proceed, the competitor may continue his round, re-attempting the obstacle refused or any other obstacle on the course not previously jumped.

b. A first refusal is penalized only by time. The second refusal incurs elimination.

**ELIGIBILITY:** all classes offered shall be open to all riders on horses or ponies.

*See further ETHJA rules on-line for eligibility.*
